# Environmental Policy Statement

Horizon Construction Group and its Subsidiary Companies are a regional business whose principal activity is as Construction Management Consultants and general Construction Contractors. We recognise that our operations can have implications with regards to the environment. In order to achieve this, we operate a Management System which meets the requirements of ISO 14001:2015. We are fully committed, via the direct involvement of Senior Management, to:

- Protecting the environment, including the prevention of pollution and other commitments relevant to our context.
- Meeting or exceeding the expectations of our Clients & Interested Parties and fulfilling our applicable compliance obligations.
- Identifying the risks and opportunities that need to be addressed to prevent or reduce undesired environmental impacts and achieve improvement.
- Establishing quality objectives based on this Policy Statement and, where appropriate, address identified risks and opportunities and formally review their progress and validity.
- Ensuring that sufficient resources are provided for the establishment, implementation, maintenance and continual improvement of the management system to enhance environmental performance.
- Providing the necessary training and development for our workforce to ensure they are competent to fulfil their roles.
- Applying risk-based thinking to determine the type and extent of controls appropriate to relevant externally providers of products or services.
- Ensuring this Environmental Policy Statement is communicated and understood within the Company.
- Monitoring and regular reviewing of our environmental performance, updating the Management System as necessary to maintain improvement.
- Reviewing and updating this Policy Statement annually to ensure its continuing suitability and effectiveness.

This Policy Statement will be readily available on our document management system and to relevant interested parties on request. Overall responsibility and leadership for implementation rests with the Senior Management Team.

Signed

Mitchell Fletcher
Construction Director
